

# St. Michael Catholic High School

## Athlete Contract

Dear Student Athlete,

Congratulations on being selected to represent the Mustangs in Interscholastic Athletics. As a member of this team, a considerable amount of hard work and dedication will be required in order to ensure an enjoyable and successful season.

The privilege of being a member of a school team carries with it the responsibility of setting a positive example in all aspects of school life. This includes academics, athletics and extracurricular activities. You must not allow athletics to interfere with your primary purpose here at St. Michael, which is to acquire an education. Your daily schoolwork is your first priority. You must maintain acceptable standards of behaviour, attendance and academic progress. As well, you will not be allowed to use your involvement in school sports as an excuse for not completing work or for not fulfilling your obligations as a student at St. Michael.

As a representative of St. Michael, each player is expected to treat all spectators, opponents, teammates, coaches and officials with the utmost courtesy and sportsmanship. It is of paramount importance that while you are representing our school, you conduct yourself in a manner, which will create a positive impression of the interscholastic athletic program at St. Michael. In addition, athletes are expected to follow the St. Michael School Code of Conduct and the LGSSAA/EOSSAA/OFSSA Code of Athletics for Athletes.

Good Luck and best wishes for a most enjoyable and successful season as a St. Michael Mustang.

*As a member of the competitive school team, I understand that if I fail to uphold any of the above conditions, I may lose the privilege of representing St. Michael in interscholastic competition. I am also aware that not all players on competitive teams will receive equal playing time.*
